

WAZZUB

I – Google is rich and selfish

You definitely know companies like Google or Yahoo!. And you definitely know as well how much they earn. No? **Here is the answer:**

They earn billions and billions of \$\$\$ each year (Google earned **\$29.000.000.000 ONLY in 2010**) thanks to **US** who use their services. Google offers a lot of services. But **95% of its cash (\$27.550.000.000)** comes from only **ONE** service: the famous search engine, Google Search. Each user makes Google earn about **1\$/day**.

Imagine you could get only **0,001% of that cash: \$275.000/year (about \$23.000/month)**. The problem is: you won't because Google keeps **ALL** the cash for itself.

II – WazzUB, the users' revolution

In 2007, someone thought: "**We, the users make them earn billions and we don't get a single cent. That's disgusting**". WazzUB was born.

WazzUB is a search engine, like Google, **that gives you money for referring people to him**. You get **\$1/month, LIFETIME**, for each user who joins WazzUB with your referral link. And **you also get \$1/month, LIFETIME**, each time someone joins your group (**e.g.: you get \$1 if your friend refers someone, but you also get \$1 if the friend of your friend refers someone, etc...**).

You can try their [calculator](#) to see how it can be easy to get **\$4000/month** without any effort. **You just need to refer 5 persons who do the same thing on 5 levels**. It can be done easily and rapidly just by telling your friends and by posting on forums on Internet like I'm doing at the moment.

4000\$/month, LIFETIME, just for telling your friends to join a website. That sounds amazing, doesn't it? And that's reality.

III – Why WazzUB pays so much?

You may wonder why WazzUB pays you to refer people. Actually, the answer is quite simple: **the more visitors they get, the more they get paid.**

Remember, Google gets \$1 per user PER DAY. WazzUB pays you \$1 per user PER MONTH. So it's still gainful for WazzUB.

IV – Take your decision

You have to take your decision **very quickly**: join now, start telling your friends and **earn \$50, \$1000, \$4000** or even more per month during your entire life. Or wait and see if it's really legit (trust me, it is)... **But be careful: indeed, WazzUB won't count the members who joined after April, 9, 2012.**

Actually, they consider that after these 4 months (**I'm writing this eBook on December, 28, 2011**) they will have enough members and they won't have to pay to get more and more members.

So join NOW, it's FREE, and get the more persons you can before April, 1, 2012. After that, it will be too late. You have 4 months to change your life.

V – Nothing more to say, it's time to sign up

VI – Tell everyone about WazzUB

The important thing to keep in mind is: the faster you are to post in forums, tell your friends, etc... the more persons will sign up with YOUR referral link.

WazzUB is very recent. You're one of the first persons in the world to know about it. Don't throw this opportunity away. But you must hurry, 99.99% of the world doesn't know about this yet.
